

Name: _____

Habitats and Adaptation

The animal we have chosen is:

What type of habitat would it live in?

Top Tip!
Look for information
on the animal signs!

Find out what the animal eats.

Draw what you think its food chain would look like.

(You can use the back of this sheet if you need more space.)

How is the animal adapted for its habitat? (What does it **look like** and what does it **do**?)

Underline any interesting adjectives, verbs
and adverbs that you use.
